International Art Events (IAE) London organizes each year an international art exhibition in honour of the 8th March – The International Women's Day.

8th of March is a global day celebrating the economic, political and social achievements of women in the past, present and future. Women take special and unique part in human upbringing in the contemporary society. The woman as a mother, with passion and softness, is also a strong human being that brings more sense to the world we live in. As long as the human society exists, the woman takes a major part of it. This international exhibition praises the woman, regardless of colour, religion or nationality.

22 artists from different countries around the world will present their artworks: oil and acrylic paintings on canvas, bronze and clay sculptures, artistic photos and digital art.

The artists are:

Annette Johnnerfelt, Ayca Güney, Christina Pleyer, Henrik Fischer, Ileana Collazo, Jean Pierre Burquier, Katya Kan, Kelly Fisher, Léonore Alexandre, Linda Bareham-Stanley, Liz London, Marizeth Baumgarten, Michael

Pantuso, Nati Vannier, Roger de Tanios, Sandrine Ruck, Sanne Rasmussen, Shoshana Rymon, Stella A De Bellini, Vike Pedersen, Yueh Yin Taffs, Zelmira Peralda.

The artists are famous in their countries and their artworks can be found in different museums, art galleries and private collections.

Also, in *The Faces of Eve* exhibition, the art lovers can enjoy the art of the laureates of the *Winter Art Salon - Strasbourg 2017*. The artworks merge into an endless kaleidoscope of styles and colors. The spectator can feel the sense and appreciate the rich colors, nuances and visual imagery of the art, which stimulates the eye and the mind.

It is a great opportunity for art lovers, art dealers, curators, artists, and art collectors from London and around to visit the exhibition and benefit from the experience a unique multi-cultural artistic event. Special thanks go to the artists for their good collaboration.
